

**Dankeschreiben**

15.10.2018

Hello Mr. Haltiner,

it's Maparara once again. My operation was successfully done on the 3rd of October and I'm recuperating at home now.

I'm happy that the op was a success and thank you once again for your huge contribution towards making my life normal. The Dr says I might be able to go back to work after 3 months. I hope come January I will be back to work.

I will be in touch with you throughout my journey.

Lots of thanks,

Petros Maparara
